

CERMONT COUNTY ENGINEER'S OFFICE

PUBLIC RECORDS POLICY

INTRODUCTION

The Clermont County Engineer's Office and all Offices and Agencies under their jurisdiction thereof maintain various records that are utilized to support the accountability of our Government. In accordance with Ohio Revised Code 149.38 and the Clermont County Records Commission, we have adopted Schedules of Records Retention and Disposition (RC-2) that identify these records. These schedules identify records that are stored on a fixed medium (paper, computer, film, etc.) that are created, received, or sent under the jurisdiction of the Board of Commissioners which document the organization, functions, policies, decisions, procedures, operations, or other activities of the office. The Clermont County Engineer's Office has adopted a Public Records Policy to ensure all Public Records responsive to the request are promptly prepared and made available for inspection to any person at all reasonable times during regular business hours.

For the purpose of enhancing our ability to identify requested records, provide for prompt inspection and copies of the requested items in a reasonable period of time, the Clermont County Engineer's Office may ask for the request in writing. Staff will assist the requestor if necessary.

Although we may ask for the request in writing, for the requestor's identity and may inquire about the intended use of the information requested, the requester shall be advised that:

- A request in writing is not mandatory; and
 - The requestor's refusal to make a request in writing or to identify themselves or the intended use of the information does not impair their right to inspect and/or receive copies of the public record. R.C.149.43 (B)(5).
 - Any person, including corporations, individuals and governmental agencies may request public records and will be allowed prompt inspection of public records and copies within a reasonable amount of time upon request.

PUBLIC RECORDS REQUESTS

Upon receiving a request for copies of a public record made in accordance with section 149.43 of the Ohio Revised Code, this public office shall promptly respond to the request.

- A. A staff person will evaluate the request and estimate the length of time required to gather the records, taking into account the volume of records, the proximity of the record storage and the necessity for any legal review of the records requested. The requestor will be advised that advance payment may be required prior to providing copies of public records, and in addition, if mailed, the fee shall also include the cost of postage. R.C. 149.43(B)(7).

RESPONSE AND DENIALS

- B.** If a requestor makes an ambiguous or overly broad request or has difficulty in making a request for copies or inspection of public records such that staff cannot reasonably identify what public records are being requested, every reasonable attempt will be made to assist the requestor by informing them, via the Clermont County Engineer's Office's RC-2, what records are retained by the office and the manner in which they are retained.
