RE: Old SR 28 Drainage Improvements Detour
Goshen Township

Dear Commissioners:

Pursuant to Section 5543.17 of the Ohio Revised Code, I have determined that a road closure is necessary on Old SR 28, as it is impractical to construct a temporary highway, culvert, or bridge. The closure is necessary to allow our crews to complete drainage improvements along the roadway.

The closure is located between Goshen Road and just east of Francis Fagin Way on Old SR 28. **The road will be closed to through traffic from 7AM to 5PM beginning Monday, May 11, 2026, through Friday, May 22, 2026.** The length of the detour is approximately 2 miles or 10,559 feet.

The Office of the Clermont County Engineer shall notify the Communication Center and other affected agencies. All advanced warning and detour signs will be erected and maintained for this project. Our crews will install and maintain all detour signage for the duration of the project. **Attached is the recommended detour.**

If you have questions or need additional information, please contact Mark Schlosser at 513-732-8857.

Sincerely,

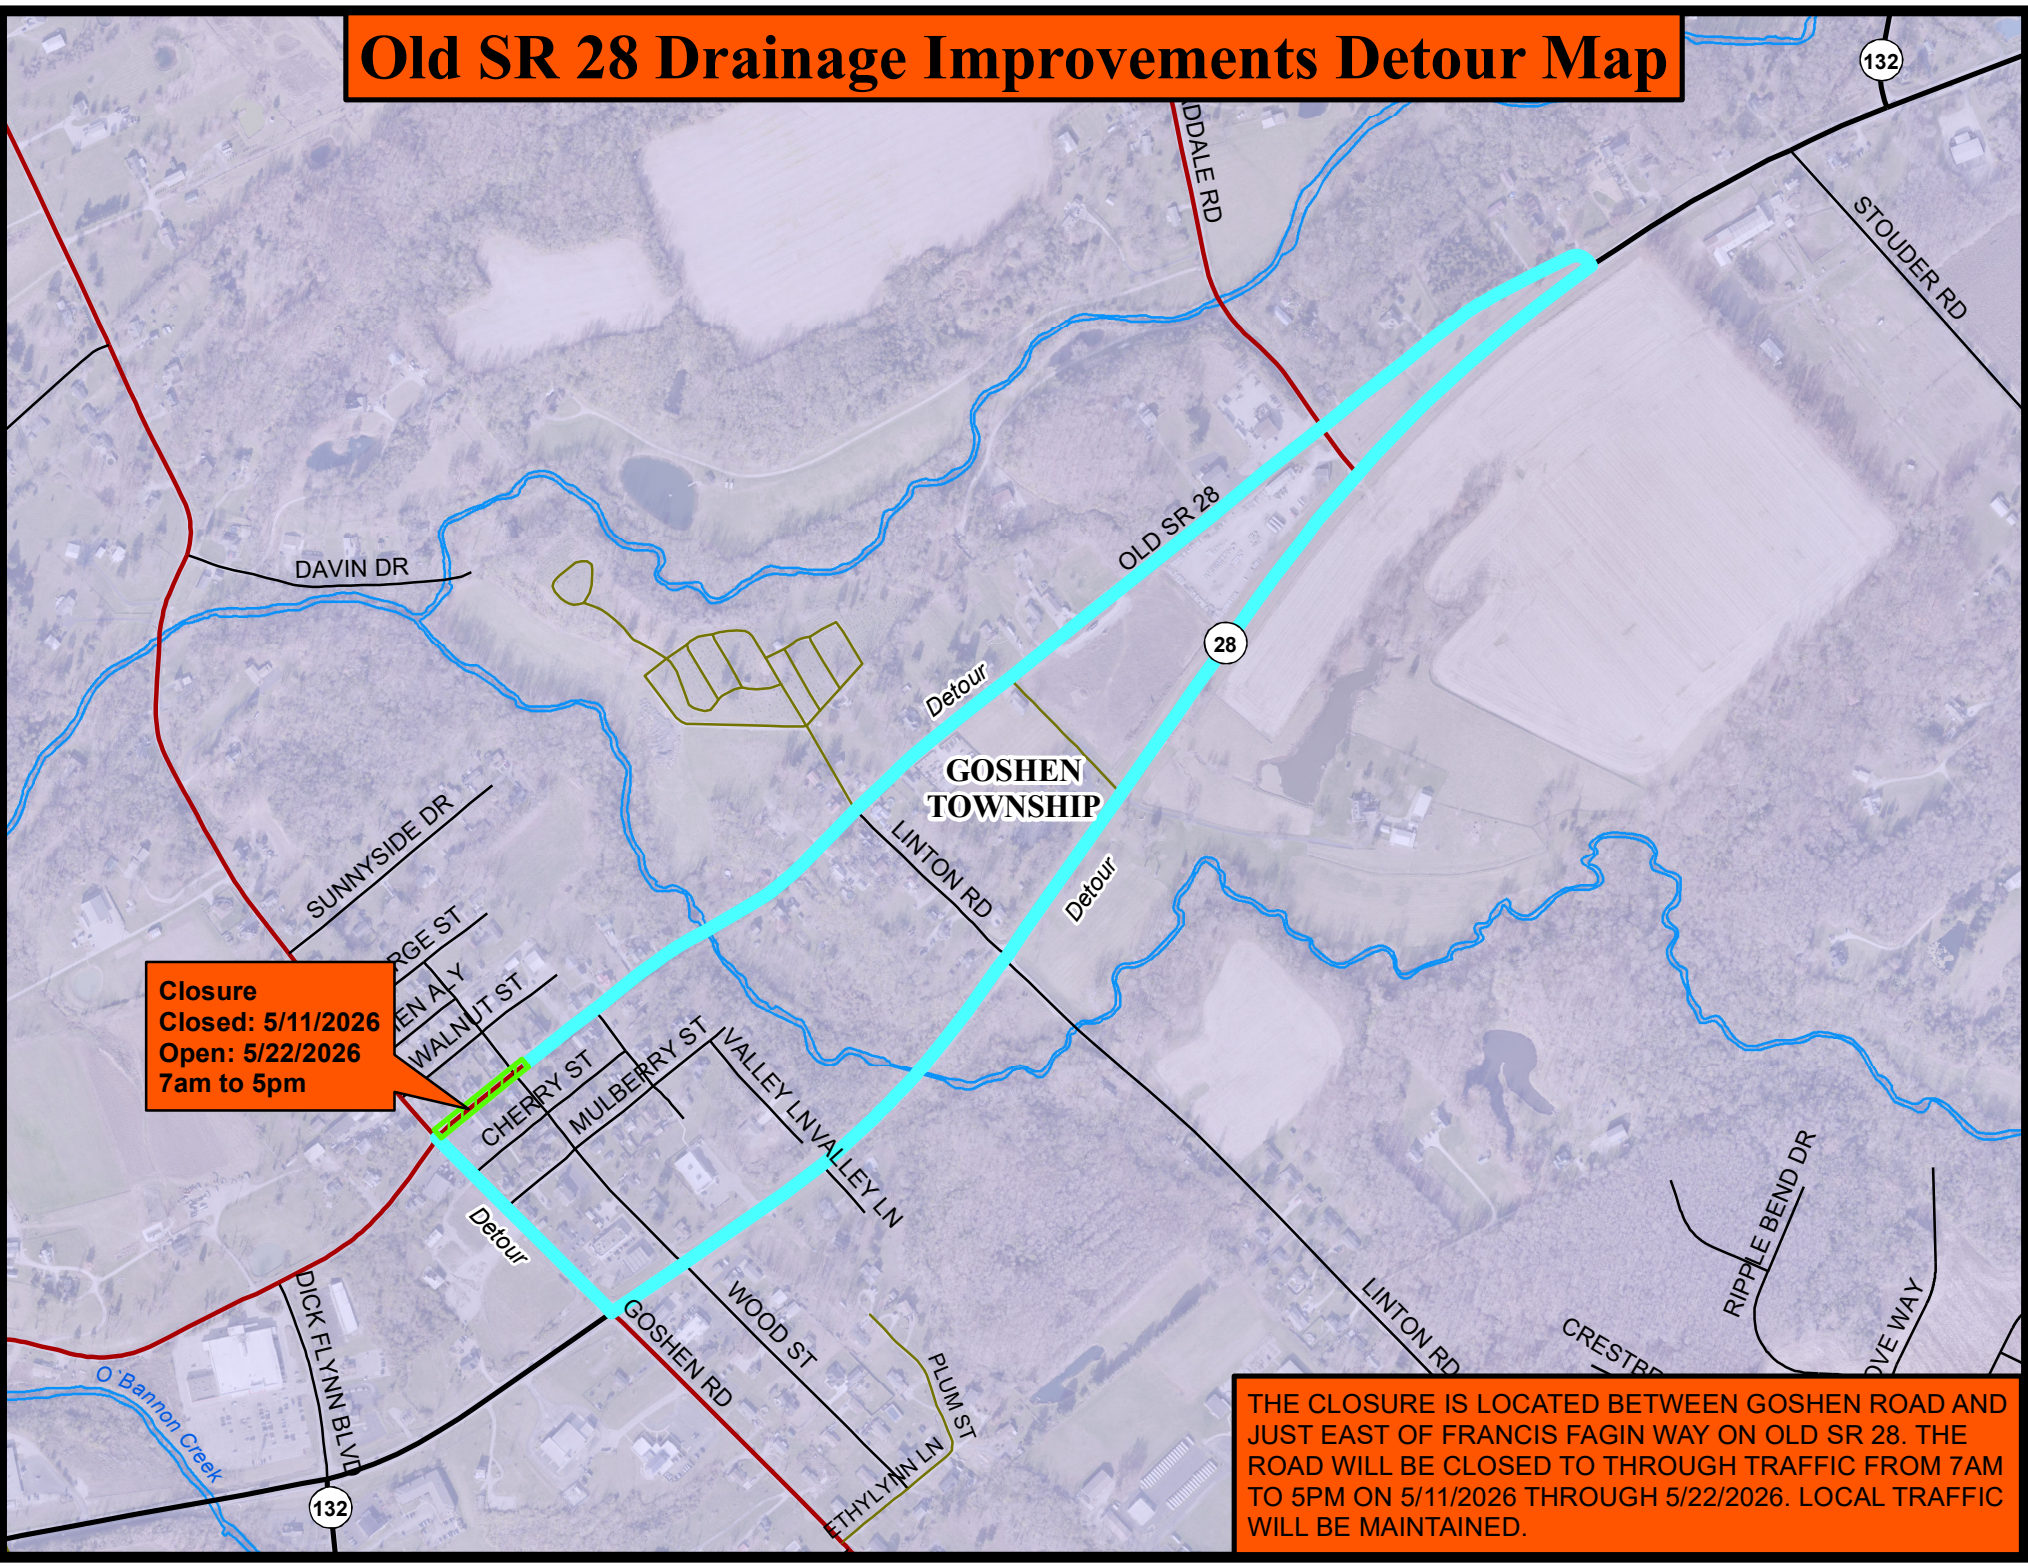

A handwritten signature in blue ink, appearing to read "Jeremy P. Evans".
