Batavia, OH 45103

RE: Branch Hill-Miamiville Road Utility Connection Project Detour
Miami Township

Dear Commissioners:

Pursuant to Section 5543.17 of the Ohio Revised Code, I have determined that a road closure is necessary on Branch Hill-Miamiville Road, as it is impractical to construct a temporary highway, culvert, or bridge. The closure is necessary for the Clermont County Water Resource Department's contractor to install a sanitary sewer along Branch Hill-Miamiville Road.

The closure is located between the bridge and Tarkington Lane on Branch Hill-Miamiville Road. **The road will be closed to through traffic beginning Monday, September 28, 2026, through Monday, November 30, 2026.** The length of the detour is approximately 7.42 miles or 39,187 feet.

The Office of the Clermont County Engineer shall notify the Communication Center and other affected agencies. All advanced warning and detour signs will be erected and maintained for this project. The contractor will maintain the detour signs throughout the project. **Attached is the recommended detour.**

If you have questions or need additional information, please contact Tommy Houlihan at 513-732-8857.

Sincerely,

Jeremy P. Evans, P.E., P.S.
County Engineer
