RE: Clermontville-Laurel Road Drainage and Roadway Improvements Detour
Monroe Township

Dear Commissioners:

Pursuant to Section 5543.17 of the Ohio Revised Code, I have determined that a road closure is necessary on Clermontville-Laurel Road, as it is impractical to construct a temporary highway, culvert, or bridge. The closure is necessary for our crews to replace a culvert, install a new culvert, repair ditch and berm washouts, perform boom mowing operations, and update a section of guardrail along Clermontville-Laurel Road.

The closure will be located between address 1446 Clermontville-Laurel Road and Spruce Hill Lane. **Clermontville-Laurel Road will be closed to through traffic from 8AM to 5PM beginning Monday, September 14, 2026, through Friday, September 18, 2026.** The length of the detour is approximately 9.57 miles or 50,516 feet.

The Office of the Clermont County Engineer shall notify the Communication Center and other affected agencies. All advanced warning and detour signs will be erected and maintained for this project. Our crews will install and maintain the detour signage for the duration of the closure. **Attached is the recommended detour.**

If you have questions or need additional information, please contact Mark Schlosser at 513-732-8857.

Sincerely,

Jeremy P. Evans, P.E., P.S.
County Engineer
