Jeremy Evans, P.E., P.S.  
Clermont County Engineer

June 9, 2026

Board of County Commissioners  
101 East Main Street  
Batavia, OH 45103

RE: Dry Run Road Bridge No. T233-0.23 Maintenance Detour  
Miami Township

Dear Commissioners:

Pursuant to Section 5543.17 of the Ohio Revised Code, I have determined that a road closure is necessary on Dry Run Road, as it is impractical to construct a temporary highway, culvert, or bridge. The closure is necessary for our contractor to install waterproofing and a drip strip on Bridge No. T233-0.23.

The closure will be located approximately 1300' north of US 50. **Dry Run Road will be closed to through traffic from 7AM to 5PM on Thursday, June 11, 2026, and Friday, June 12, 2026.** The length of the detour is approximately 8.64 miles or 45,543 feet.

The Office of the Clermont County Engineer shall notify the Communication Center and other affected agencies. All advanced warning and detour signs will be erected and maintained for this project. Our crews will lay out the detour signs. The contractor will install and maintain the signage though the duration of project. **Attached is the recommended detour.**

If you have questions or need additional information, please contact Mark Schlosser at 513-732-8857.

Sincerely,

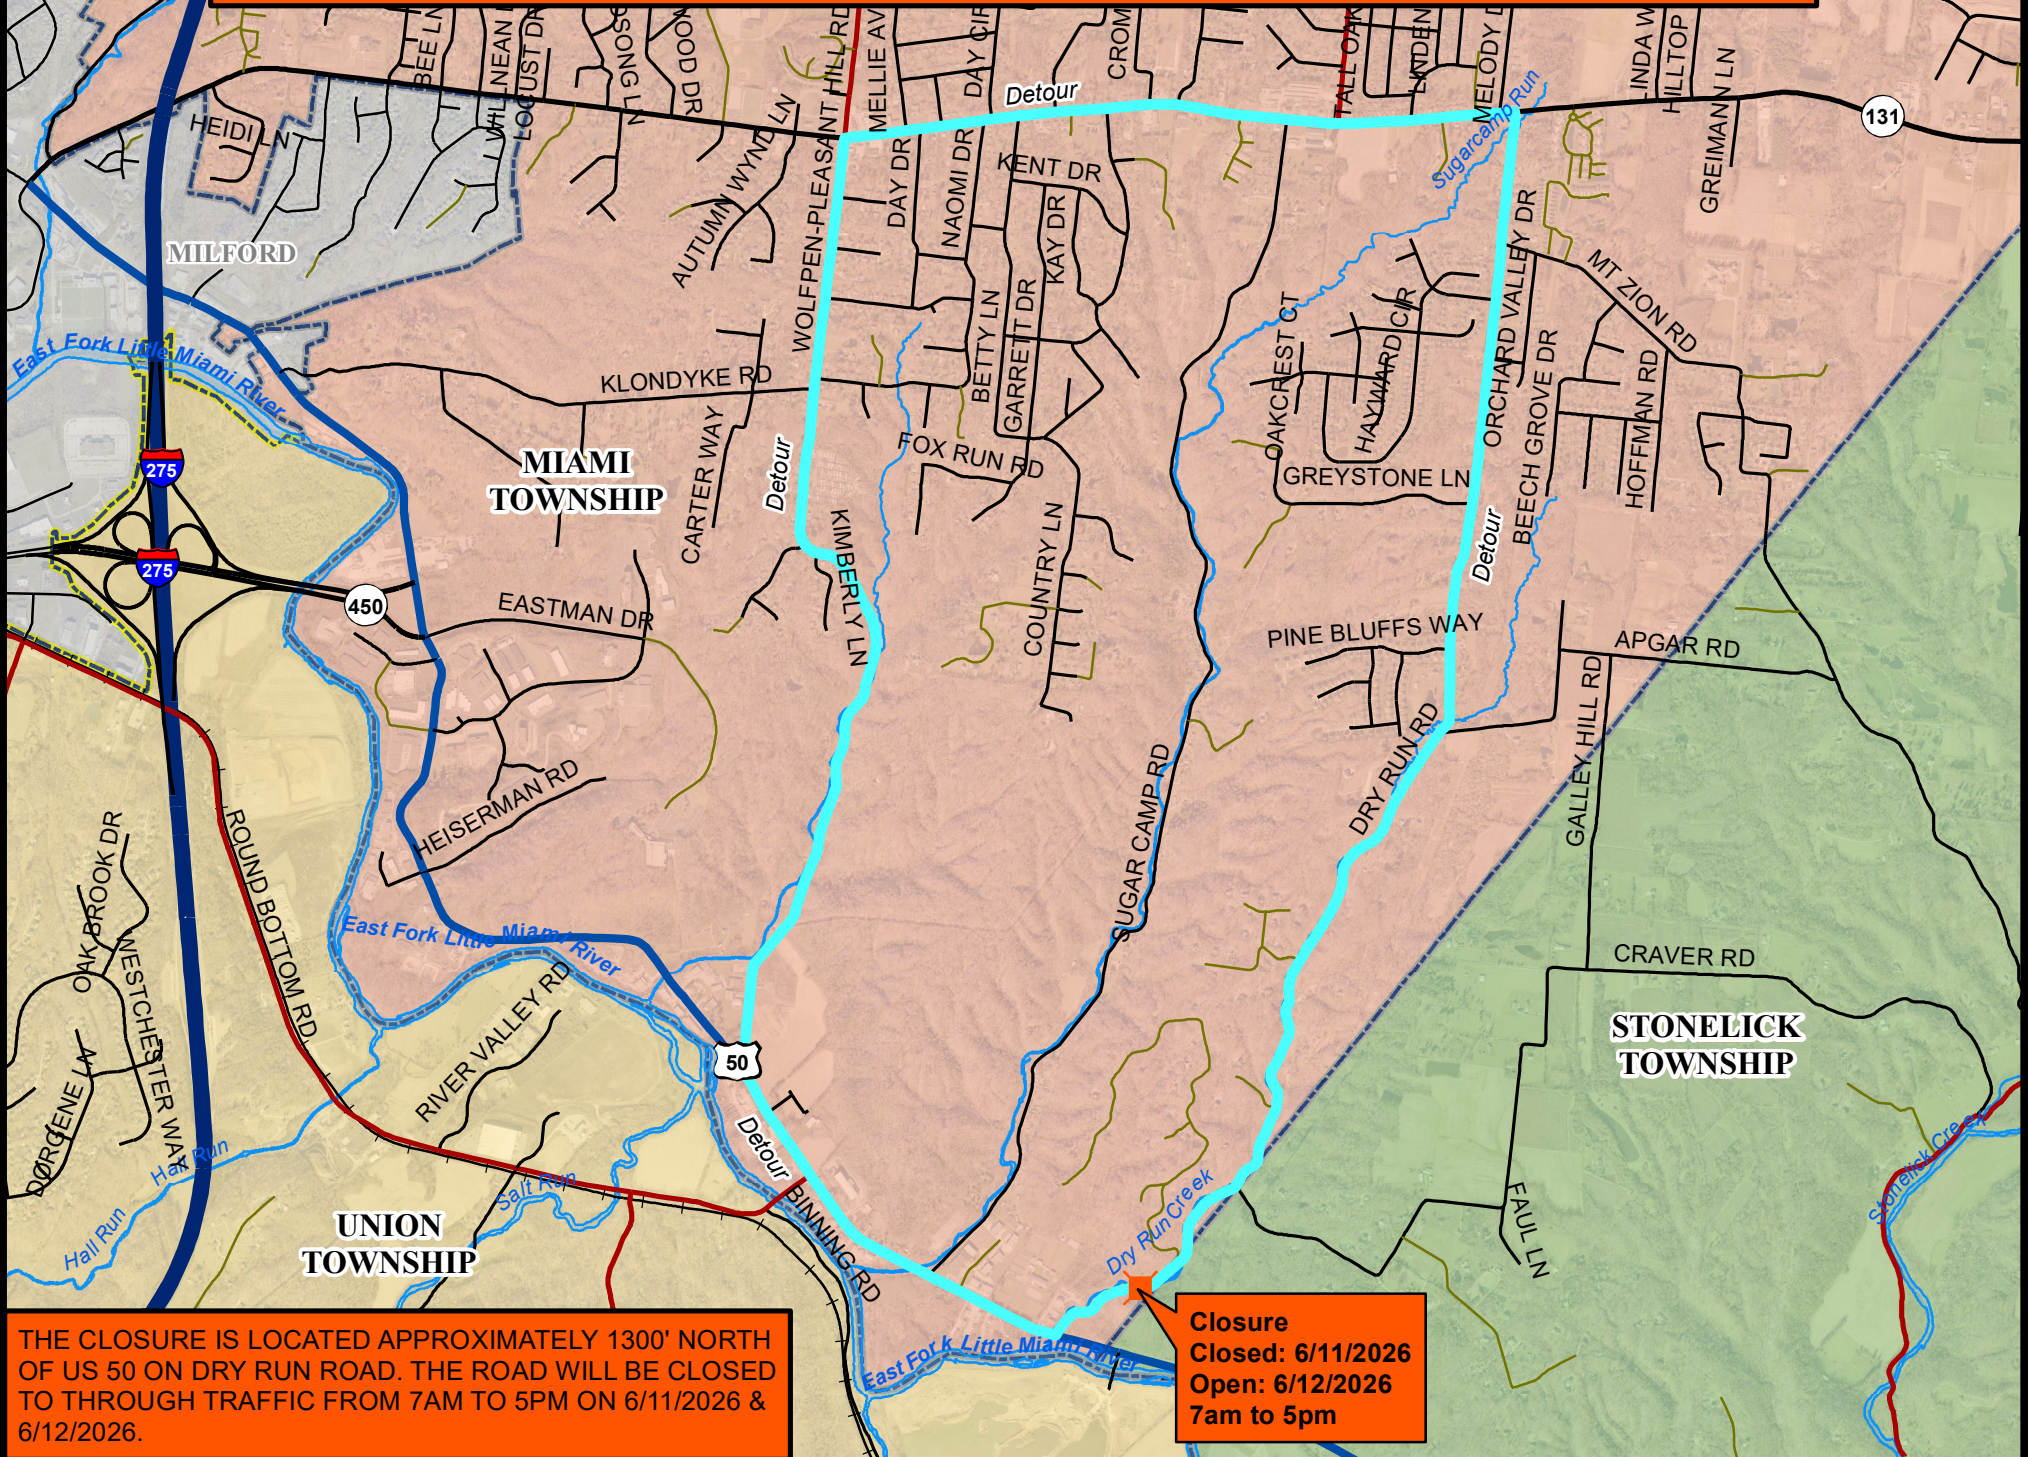

A handwritten signature in blue ink, appearing to read "J. Evans", is written over a light blue horizontal line.

Jeremy P. Evans, P.E., P.S.  
County Engineer
