RE: Wards Corner Road Drainage Improvements Detour
Miami Township – **CLOSURE TIME UPDATED**

Dear Commissioners:

Pursuant to Section 5543.17 of the Ohio Revised Code, I have determined that a road closure is necessary on Wards Corner Road, as it is impractical to construct a temporary highway, culvert, or bridge. The closures are necessary for our crew to replace culverts, improve berms, and enhance drainage along the roadway.

The first closure is located between address 590 and 592 Wards Corner Road. The crew will begin working at that location. Once work is completed, they will move southwest along Wards Corner Road to the next closure. **The road will be closed to through traffic from 8AM to 5PM beginning Monday, June 1, 2026, through Tuesday, June 16, 2026.** The length of the detour is approximately 6.99 miles or 36,911 feet.

The Office of the Clermont County Engineer shall notify the Communication Center and other affected agencies. All advanced warning and detour signs will be erected and maintained for this project. Our crew will maintain all detour signage throughout the project. **Attached is the recommended detour.**

If you have questions or need additional information, please contact Mark Schlosser at 513-732-8857.

Sincerely,

A handwritten signature in blue ink, appearing to read 'Jeremy P. Evans'.
