RE: White Oak Road Utility Work Detour
Pierce Township

Dear Commissioners:

Pursuant to Section 5543.17 of the Ohio Revised Code, I have determined that a road closure is necessary on White Oak Road, as it is impractical to construct a temporary highway, culvert, or bridge. The closure is necessary for Duke Energy to complete utility repairs due to an accident on White Oak Road.

The closure is located just west of Merwin Ten Mile Road on White Oak Road. **White Oak Road will be closed to through traffic from 8AM to 1PM on Tuesday, July 14, 2026.** The length of the detour is approximately 3.44 miles or 18,169 feet.

The Office of the Clermont County Engineer shall notify the Communication Center and other affected agencies. All advanced warning and detour signs will be erected and maintained for this project. The contractor will be responsible for installing and maintaining all detour signs. **Attached is the recommended detour.**

If you have questions or need additional information, please contact Lucas Braun at 513-732-8857.

Sincerely,

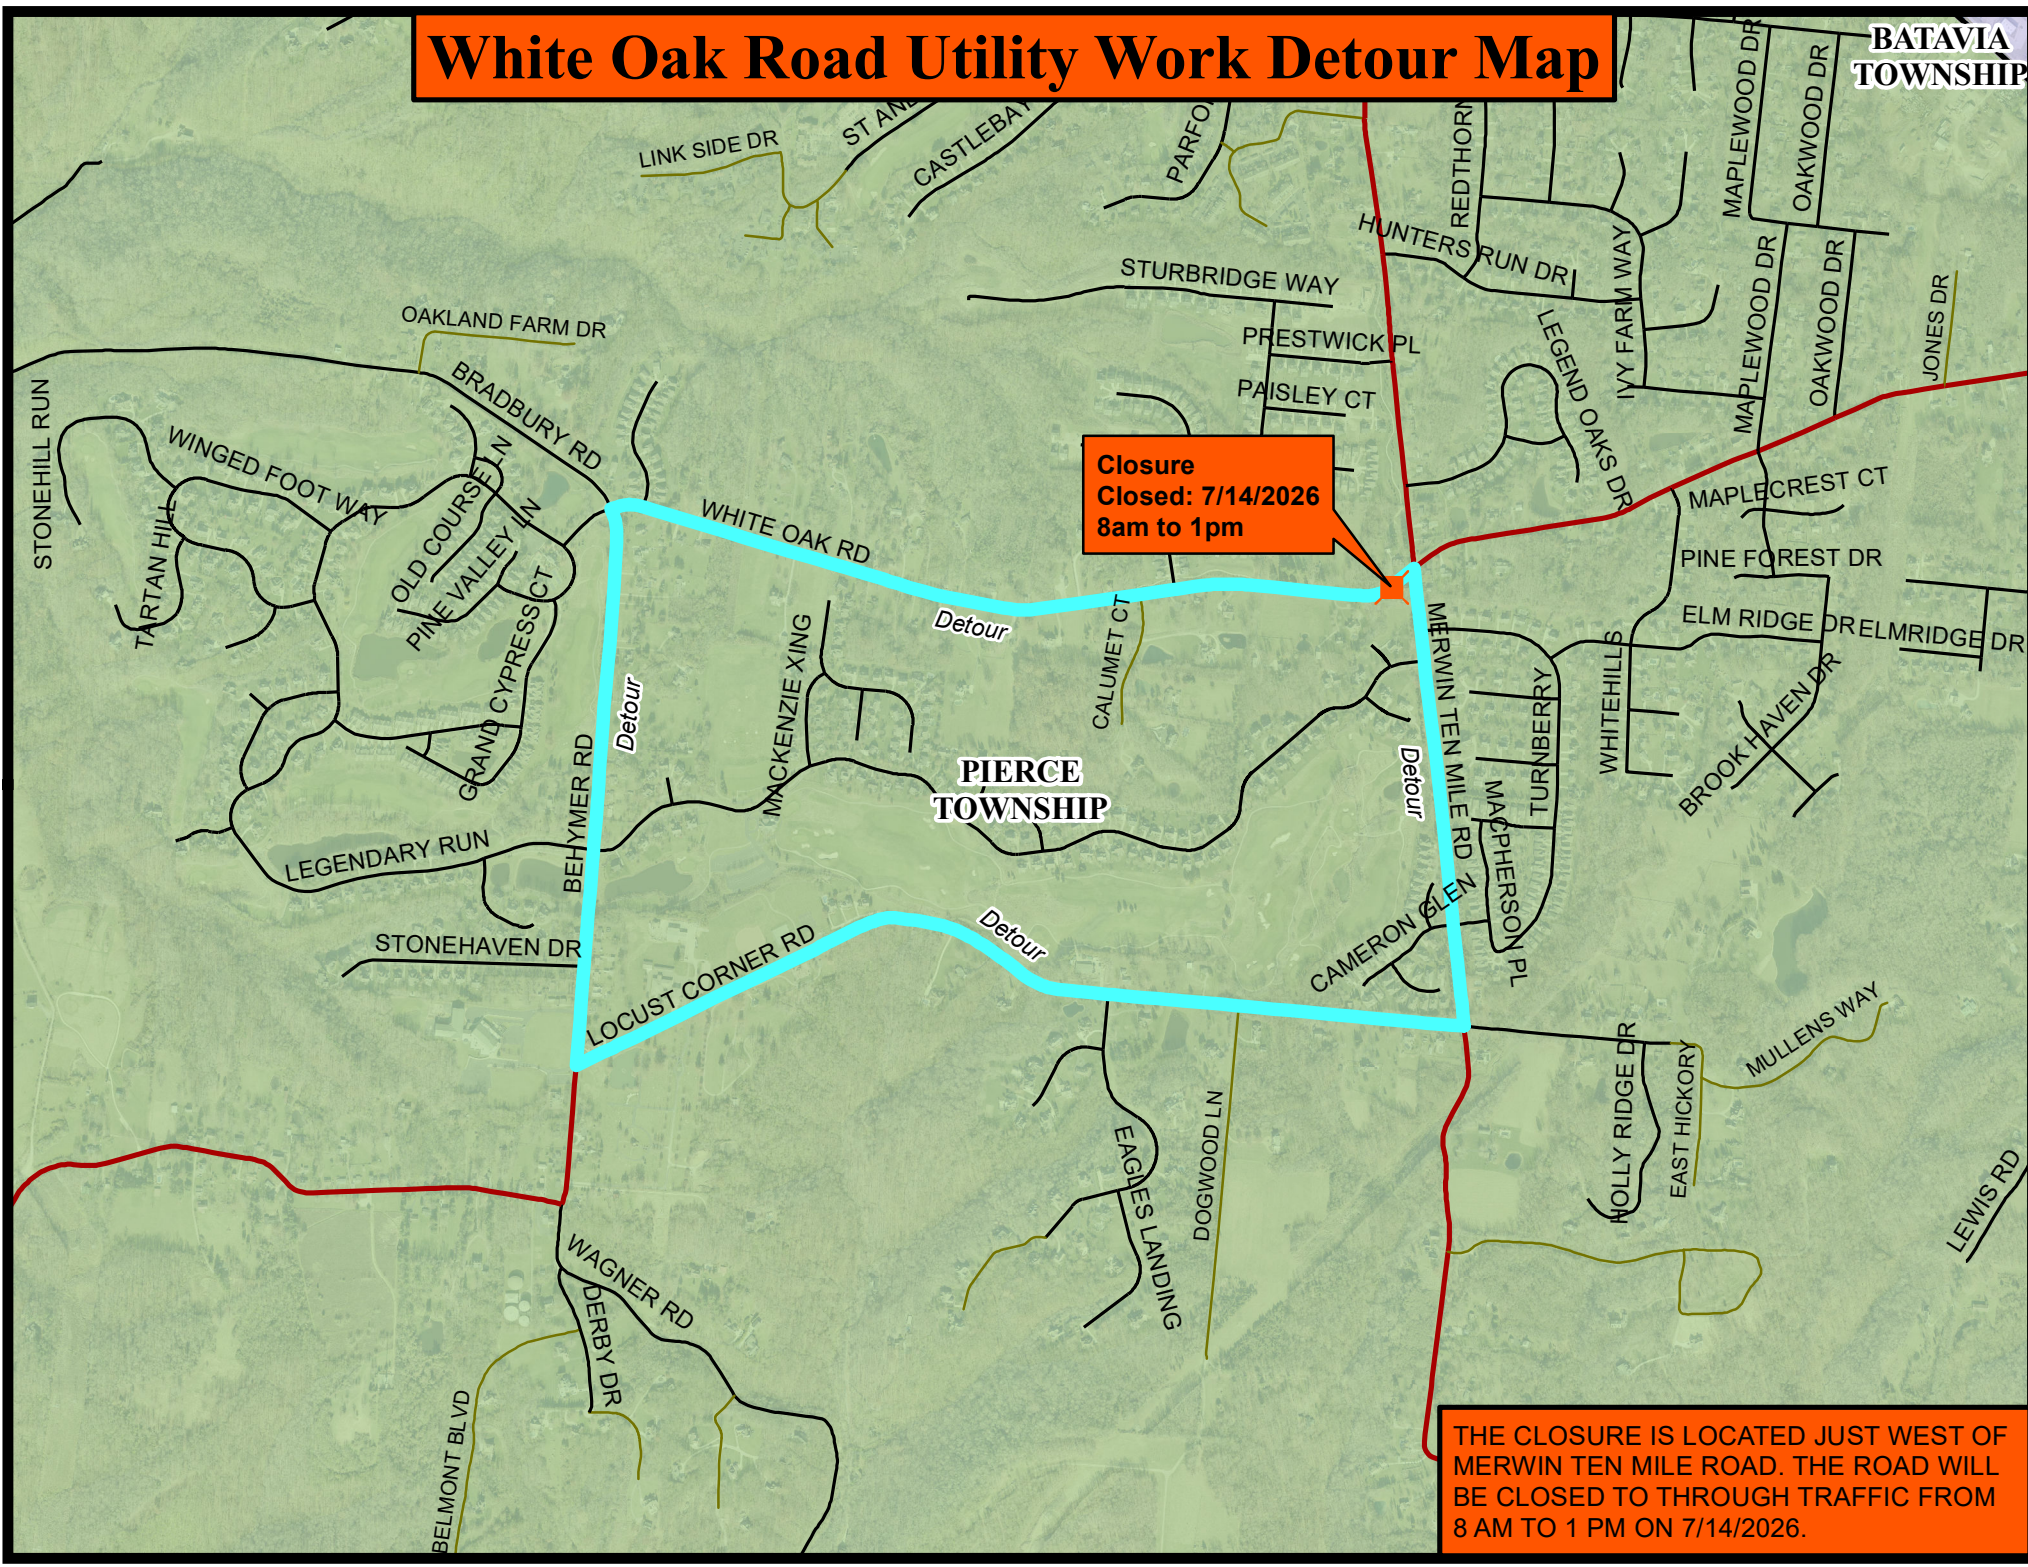

Jeremy P. Evans, P.E., P.S.
County Engineer
