RE: Woodville Pike Bridge Replacement -CC133-4.94
Goshen Township

Dear Commissioners:

Pursuant to Section 5543.17 of the Ohio Revised Code, I have determined that a road closure is necessary for the Bridge replacement on Woodville Pike and that it is impractical to construct a temporary highway/culvert/Bridge and that a temporary detour is required.

Therefore, I have scheduled a road closure on Woodville Pike. The closure is located just west of the intersection of the southern portion of Manila Road and Woodville Pike. The southern portion of Manila Road will not have access to Woodville Pike during this closure. **The road will be closed to through traffic on Monday 6-10-2019 through Tuesday 7-9-2019.** The length of detour is approximately 8.11 miles or 42,817 feet.

The Office of the Clermont County Engineer shall notify the Communication Center and other affected agencies. All advanced warning and detour signs will be erected and maintained for this project. **Attached is the recommended detour.**

If I can provide any additional information, please call the Clermont County Engineers Office at (513)732-8857.

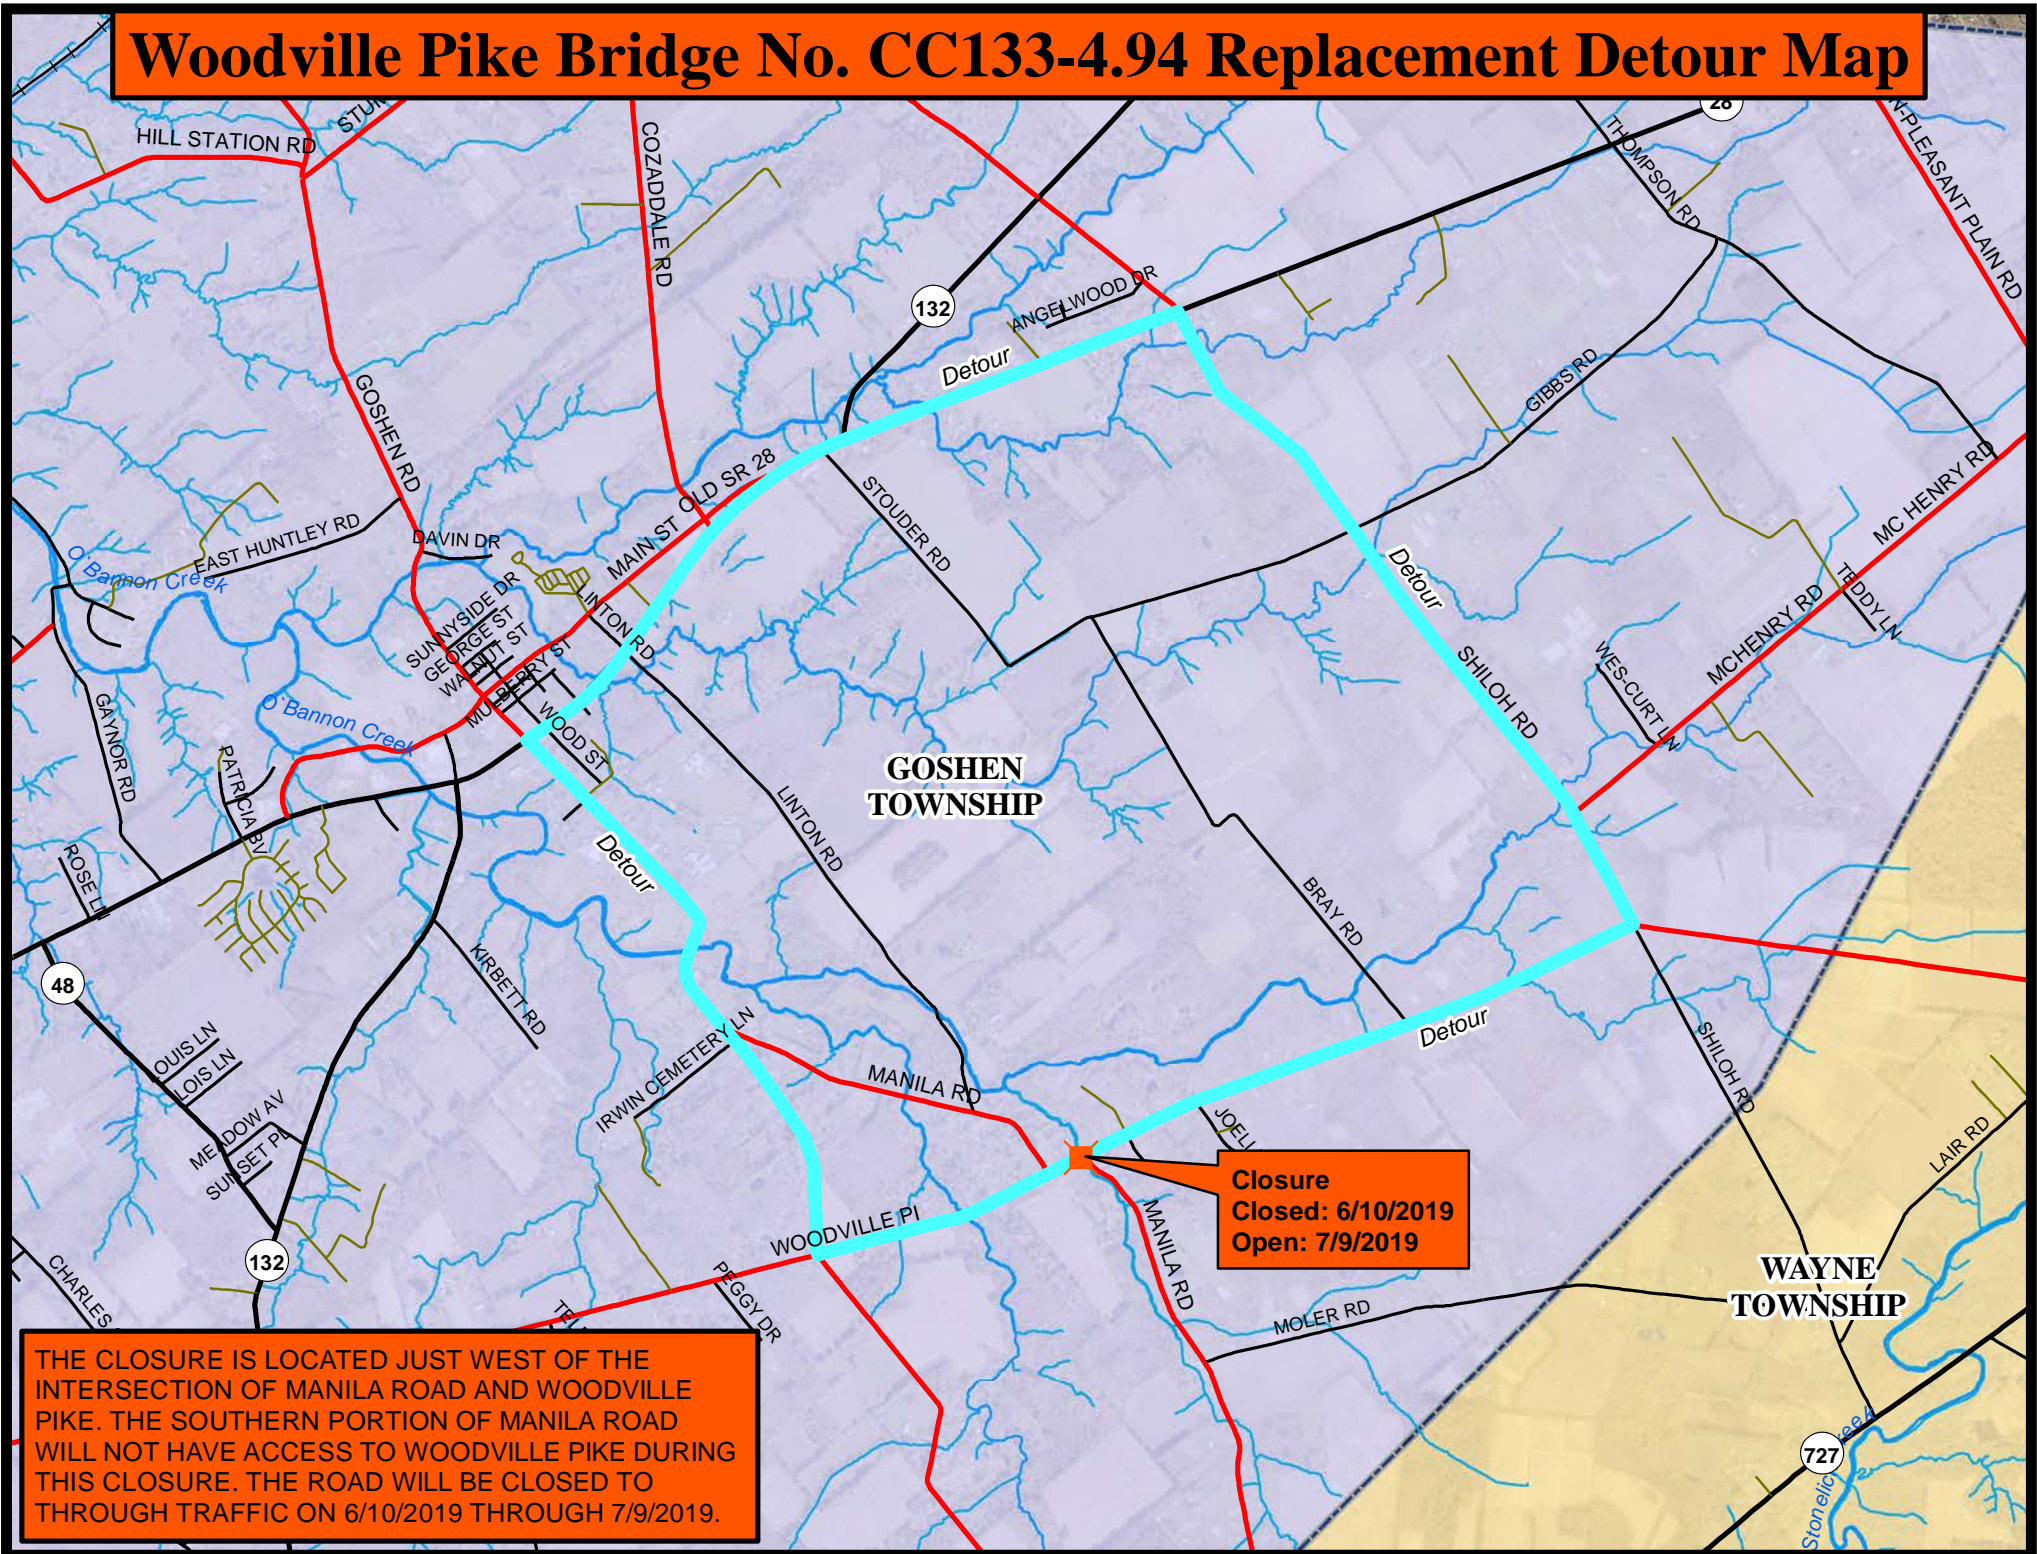

Sincerely,

Patrick Manger, P.E., P.S.
Clermont County Engineer
