RE: Laurel Pt Isabel Road Culvert Replacements #CC68-11-12-13-14-DELAYED CLOSURE
Washington Township

Dear Commissioners:
Pursuant to Section 5543.17 of the Ohio Revised Code, I have determined that a road closure is necessary for the Culvert replacement's on Laurel Pt Isabel Road and that it is impractical to construct a temporary highway/ culvert and that a temporary detour is required.

We need to delay the start date for the above project due to an extension of time for the Culvert project that our crews are finishing up. The new start date for the Laurel Pt Isabel Road Culvert Replacements is now Tuesday, September 3, 2019. The first closure is located between address 2249 and 2273 Laurel Pt Isabel Road. The crews will begin working at that location. Once work is completed they will move east to the next closure along the roadway. There are four culverts being replaced during this detour. The road will be closed to through traffic from 7am to 5pm on Tuesday 9-3-19 through Friday 9-6-19. The length of detour is approximately 9.67 miles or 51,073 feet.

The Office of the Clermont County Engineer shall notify the Communication Center and other affected agencies. All advanced warning and detour signs will be erected and maintained for this project. Attached is the recommended detour.
If I can provide any additional information, please call the Clermont County Engineers Office at (513) 732-8857.

Sincerely,

Douglas E. Royer, P.E.
Deputy Engineer
