RE: Old US 52 Culvert Replacements-5 Culverts  
Pierce Township

Dear Commissioners:

Pursuant to Section 5543.17 of the Ohio Revised Code, I have determined that a road closure is necessary on Old US 52. This closure is needed so our crews can replace five culverts, and that it is impractical to construct a temporary highway/culvert/bridge and that a temporary detour is required.

The first closure is located between address 528 and 530 Old US 52. The crews will begin working at that location. Once work is completed they will move southeast to the next closure along the roadway. **The road will be closed to through traffic on Tuesday, April 27, 2021 through Friday, May 14, 2021.** The length of the detour is approximately 2.75 miles or 14,540 feet. The Office of the Clermont County Engineer shall notify the Communication Center and other affected agencies. All advanced warning and detour signs will be erected and maintained for this project. **Attached is the recommended detour.**

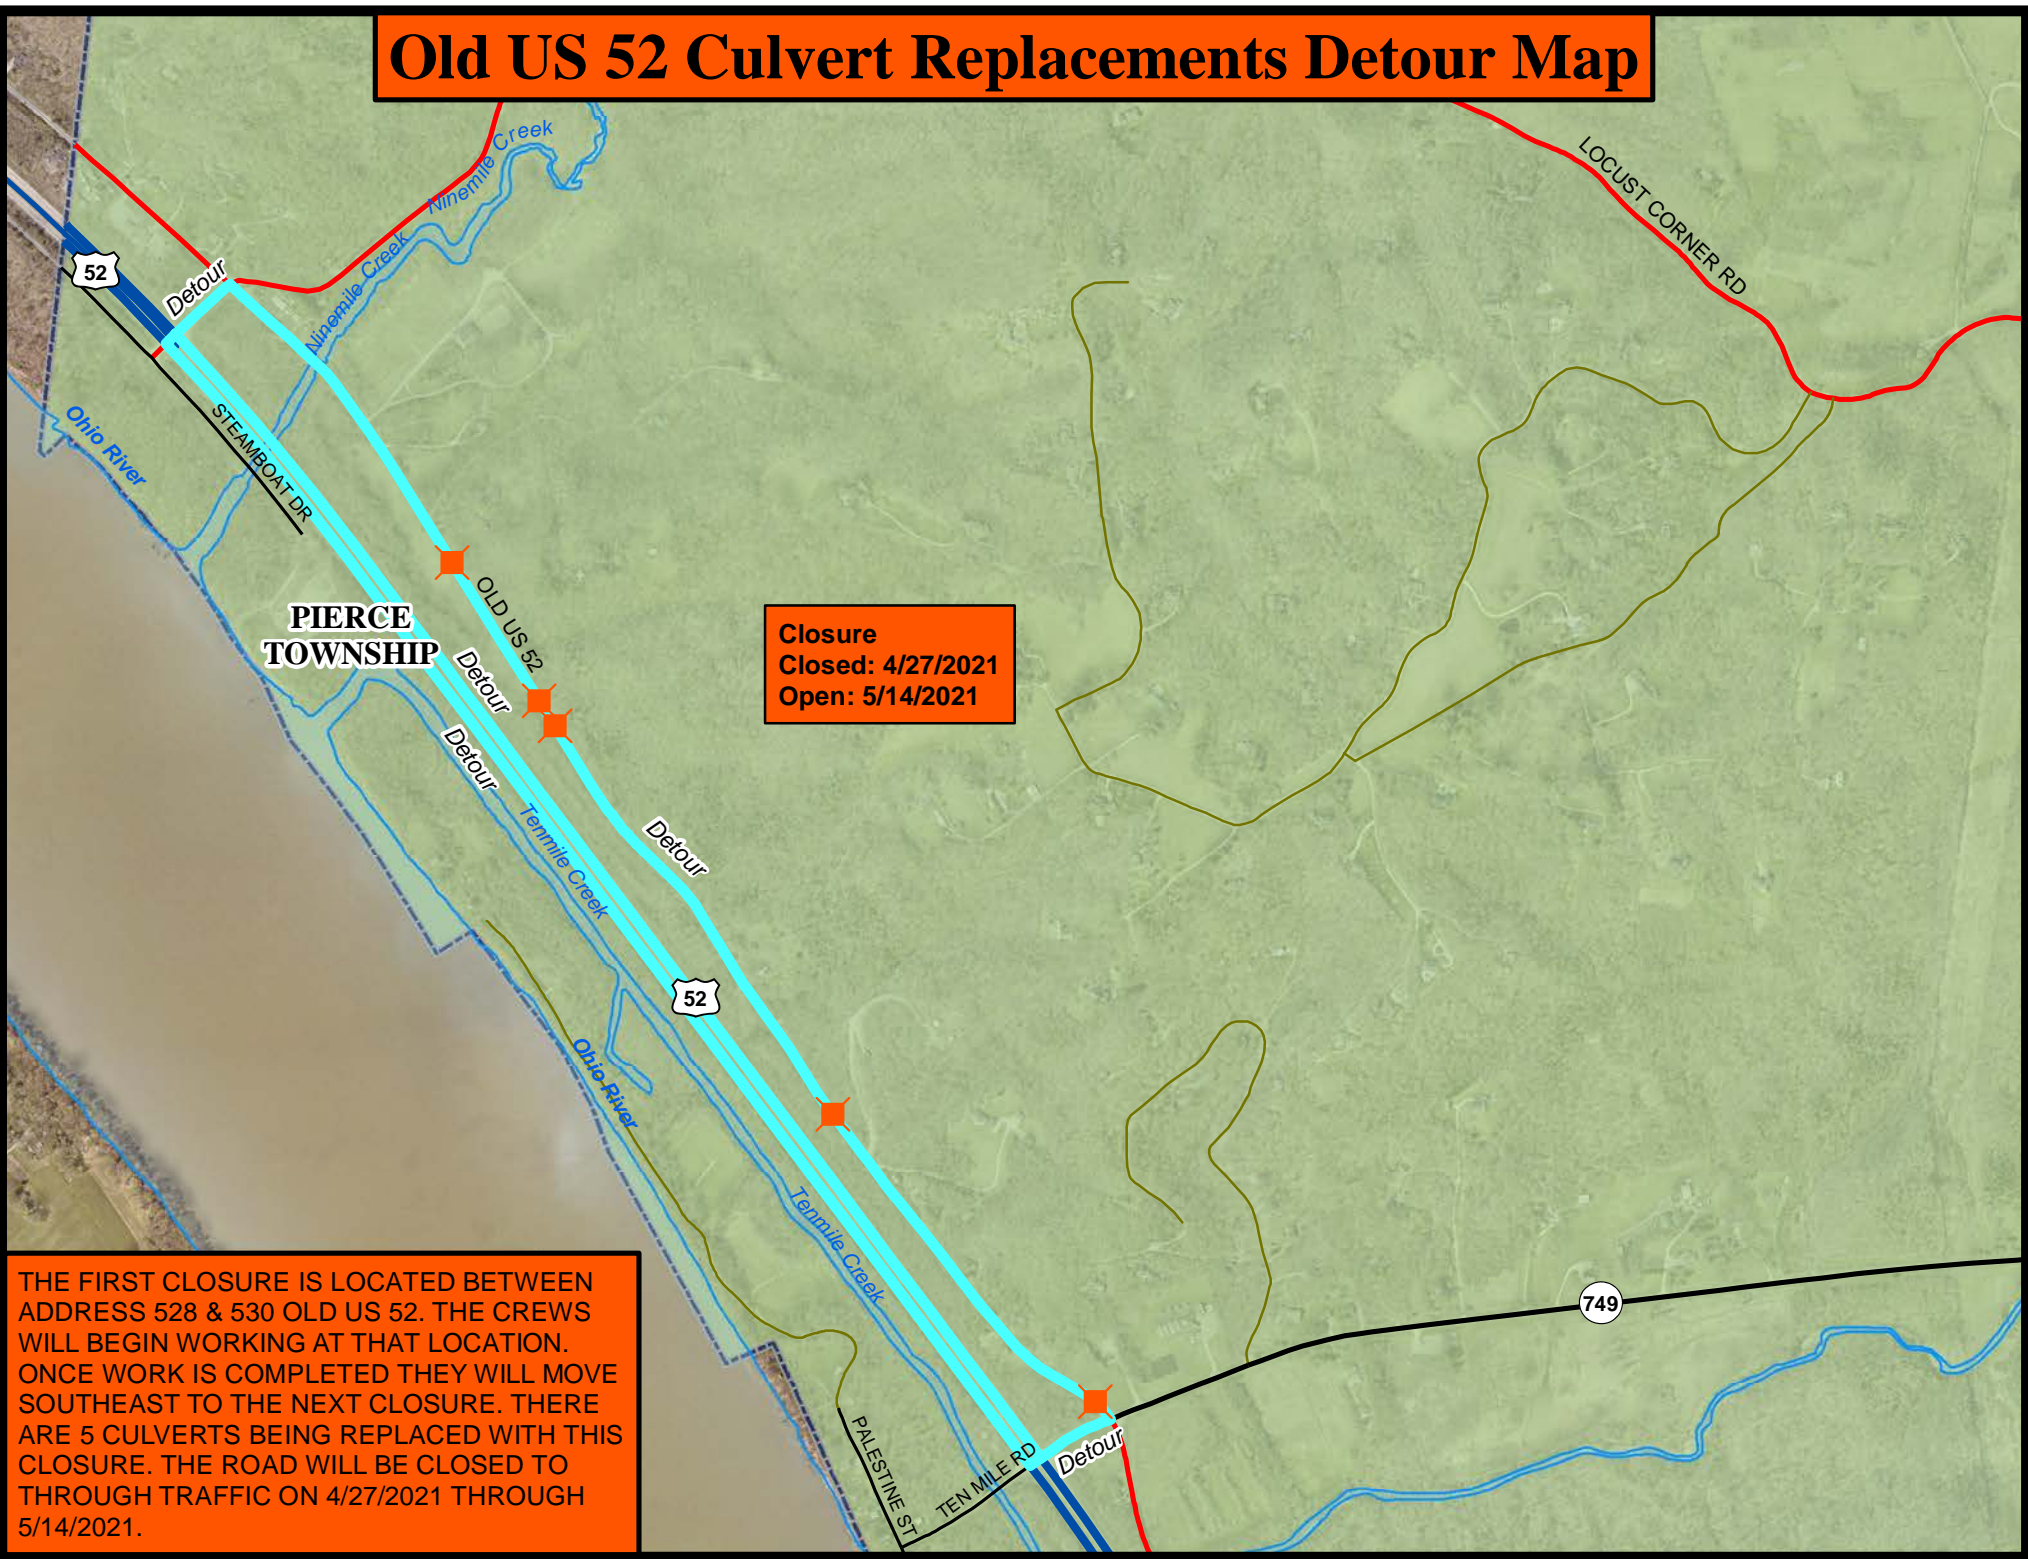

If I can provide any additional information, please call the Clermont County Engineer's Office at (513)732-8857.

Sincerely,

Jeremy P. Evans
