

July 11, 2022
ADDENDUM NO. 1

Regarding: Project No. PI-17-17
Nordyke Road Bridge Replacement, C96-0.38
Clermont County Engineers Office

To All Bidders:

Please be advised that the following revisions/clarifications have been made to the Bid Package:

1. Section V, Bid Proposal and Bid Guaranty:

REVISED BID OPENING AND COMPLETION DATE AS NOTED BELOW:

- The bid opening date of Thursday, July 14, 2022 shall be revised as follows:

REVISED BID OPENING DATE SHALL BE THURSDAY, JULY 21, 2022 AT 2:00 P.M. LOCAL TIME at the Clermont County Board of Commissioners, 101 East Main Street, Batavia, Ohio 45103.

- The Completion Date shall be revised to July 28, 2023.

2. Plan clarifications:

- a. All reinforcing steel for the box culvert shall be "Epoxy Coated"
- b. All reinforcing steel for other items may be either "Epoxy Coated" or "Black Rebar"
- c. The typical section on Sheet 4 shows widening of the pavement only. Where the box culvert is placed, there will be full depth asphalt on both sides of the box. The "west" abutment may stay in place and not removed if practical and if enough room is there to properly compact the backfill of the new box. This would minimize the excavation and full depth asphalt. All quantities are accounted for in the estimate and any modifications such as minimizing the excavation or full depth asphalt will require quantity adjustments to account for actual measurements.
- d. The contractor will be required to provide the road closure setup at the site as well as advanced notification signs of the closure and the detour signage. These items shall be paid for as a part of the Lump sum item for Maintenance of Traffic. The detour route will be Nordyke/SR 125/NineMile Road.

Please sign and return a copy of this letter by fax, mail or email to the Clermont County Engineer's Office prior to the revised bid opening at 2:00 P.M. local time on Thursday, July 21, 2022 or with your bid documents at that time. Please complete the Bid Proposal, noting receipt of addendum.
