RE: Love Road Culvert Replacement Detour
Franklin Township

Dear Commissioners:

Pursuant to Section 5543.17 of the Ohio Revised Code, I have determined that a road closure is necessary on Love Road, as it is impractical to construct a temporary highway, culvert or bridge. The closures are needed so that our crews can replace culvert pipes and improve the drainage on Love Road.

The first closure is located at the intersection of Franklin Road on Love Road. The crews will begin working at that location. Once work is completed they will move east to the next closure along the roadway. There are seven culverts being replaced during this detour. **Love Road will be closed to through traffic from 7AM to 5 PM on Wednesday, August 10, 2022 through Friday, August 19, 2022.** The length of the detour is approximately 3.83 miles or 20,223 feet.

The Office of the Clermont County Engineer shall notify the Communication Center and other affected agencies. All advanced warning and detour signs will be erected and maintained for this project. **Attached is the recommended detour.**

If you have questions or need additional information, please contact Jeff Smith at the Clermont County Engineer's Office at (513) 732-8857.

Sincerely,

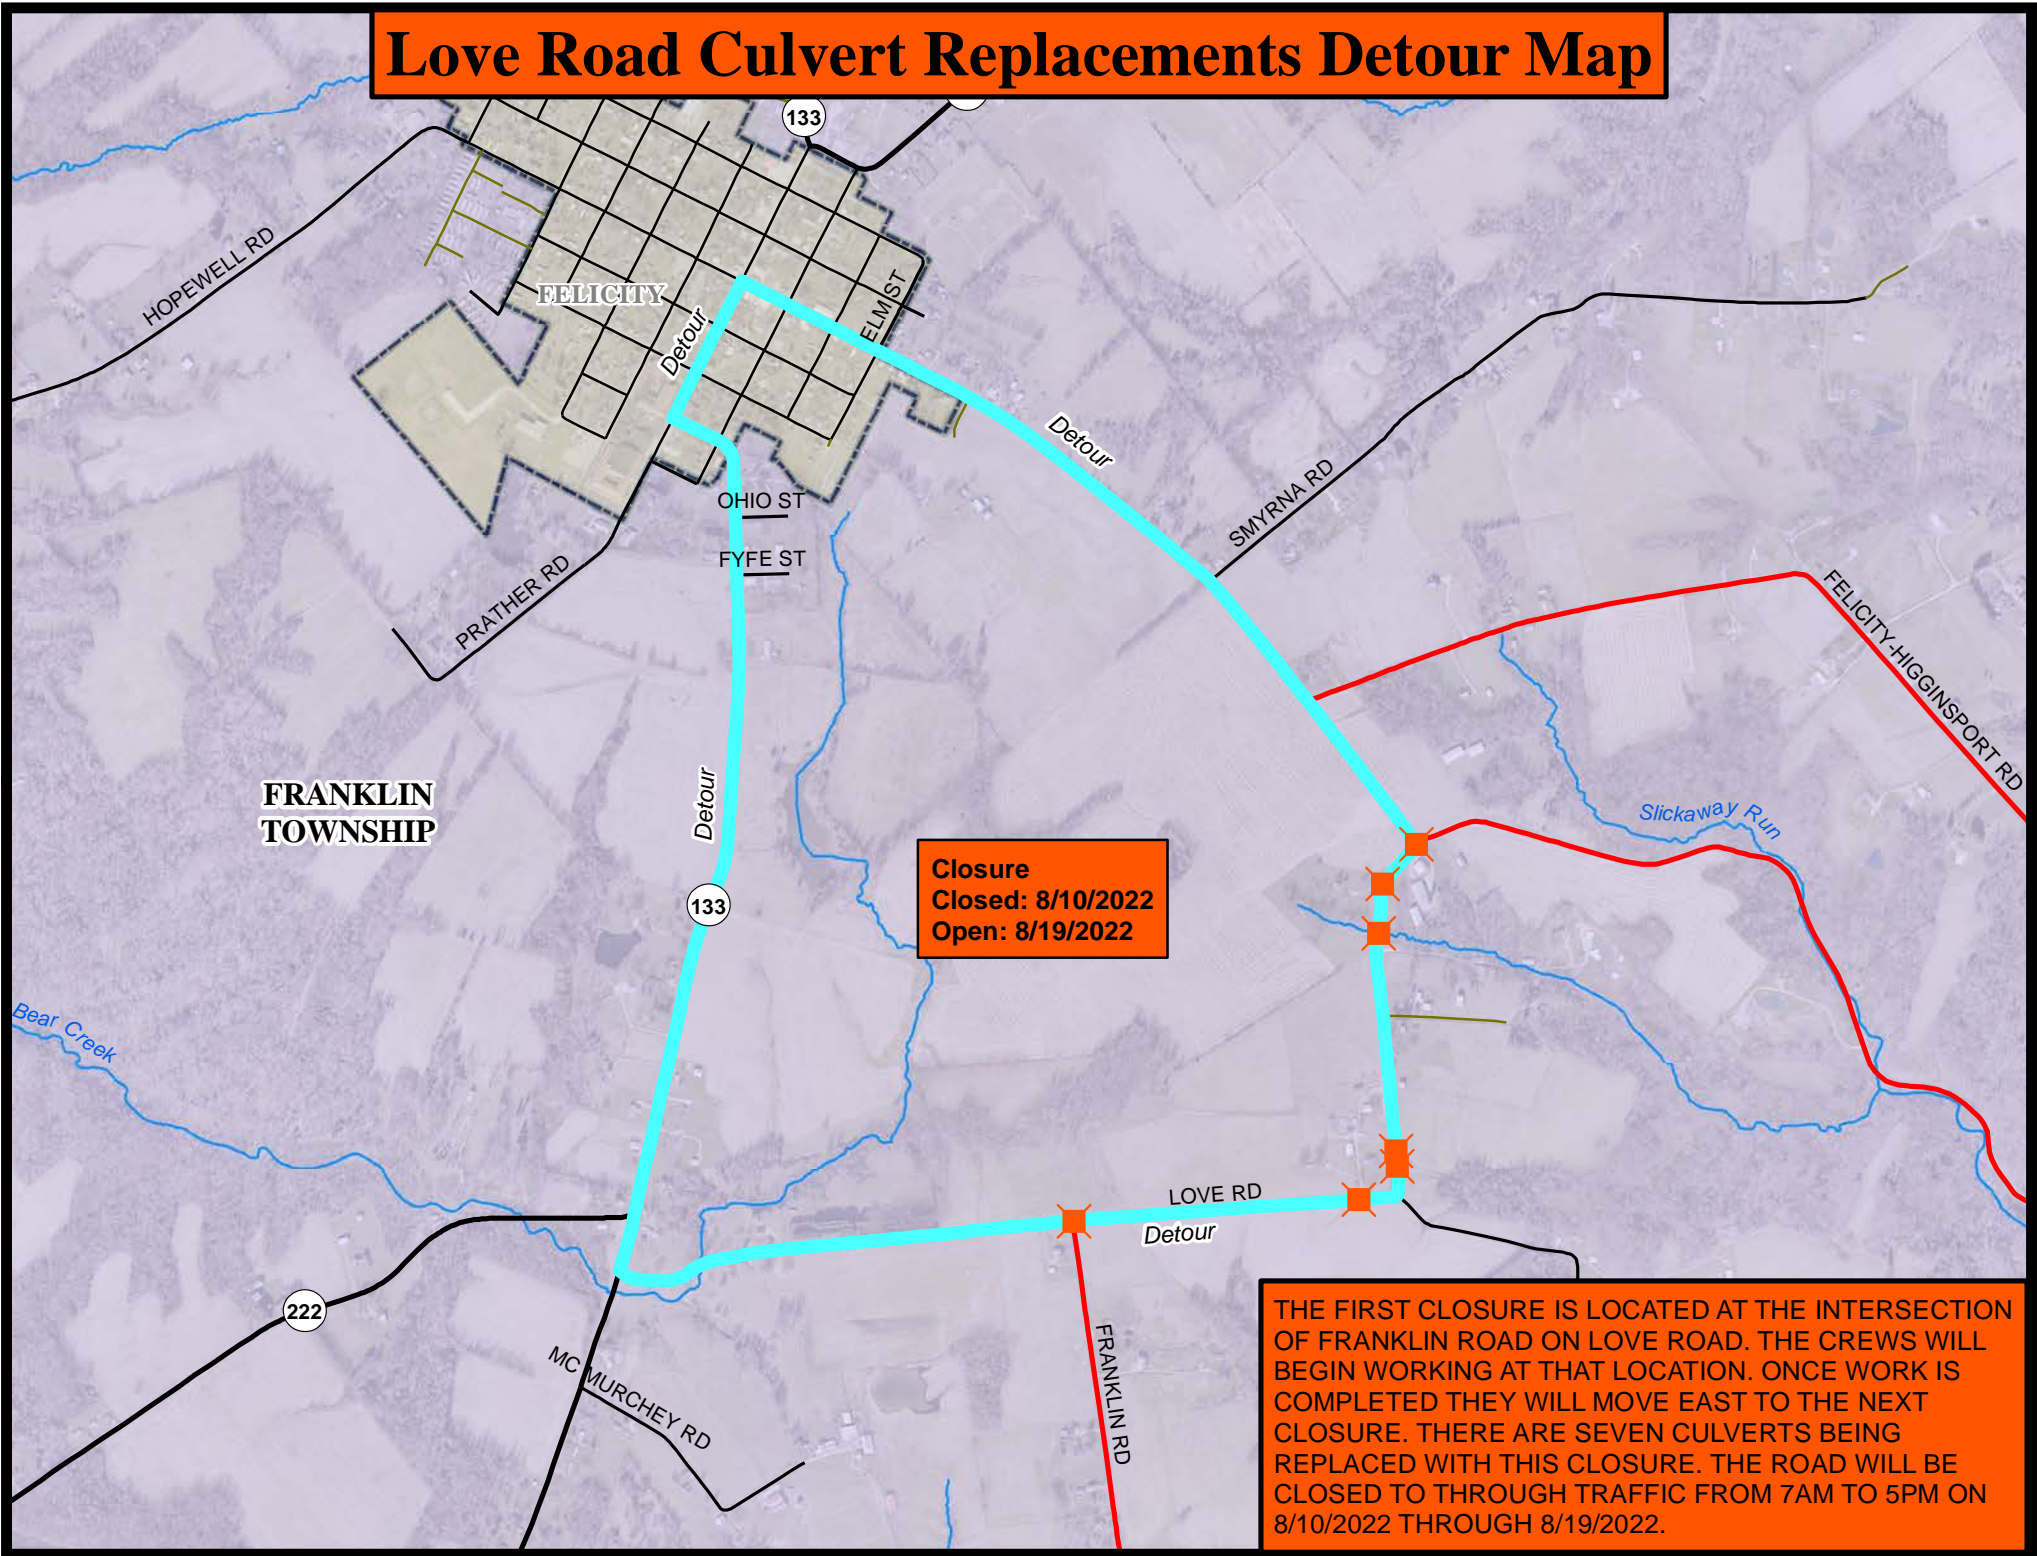

A handwritten signature in blue ink, appearing to read "Jeremy P. Evans".

Jeremy P. Evans, P.E., P.E.
