RE: Nordyke Road Bridge No. C96-0.38 Replacement Detour  
Pierce Township

Dear Commissioners:

Pursuant to Section 5543.17 of the Ohio Revised Code, I have determined that a road closure is necessary on Nordyke Road, as it is impractical to construct a temporary highway, culvert or bridge. The closure is needed so that our contractor can replace the bridge on Nordyke Road.

The closure is located between address 3509 and 3514 Nordyke Road. **The road will be closed to through traffic on Monday, October 31, 2022 through Monday, January 30, 2023.** The length of the detour is approximately 6.96 miles or 36759 feet.

The Office of the Clermont County Engineer shall notify the Communication Center and other affected agencies. All advanced warning and detour signs will be erected and maintained by our contractor for this project. **Attached is the recommended detour.**

If you have questions or need additional information, please contact Doug Royer at the Clermont County Engineer's Office at (513) 732-8857.

Sincerely,

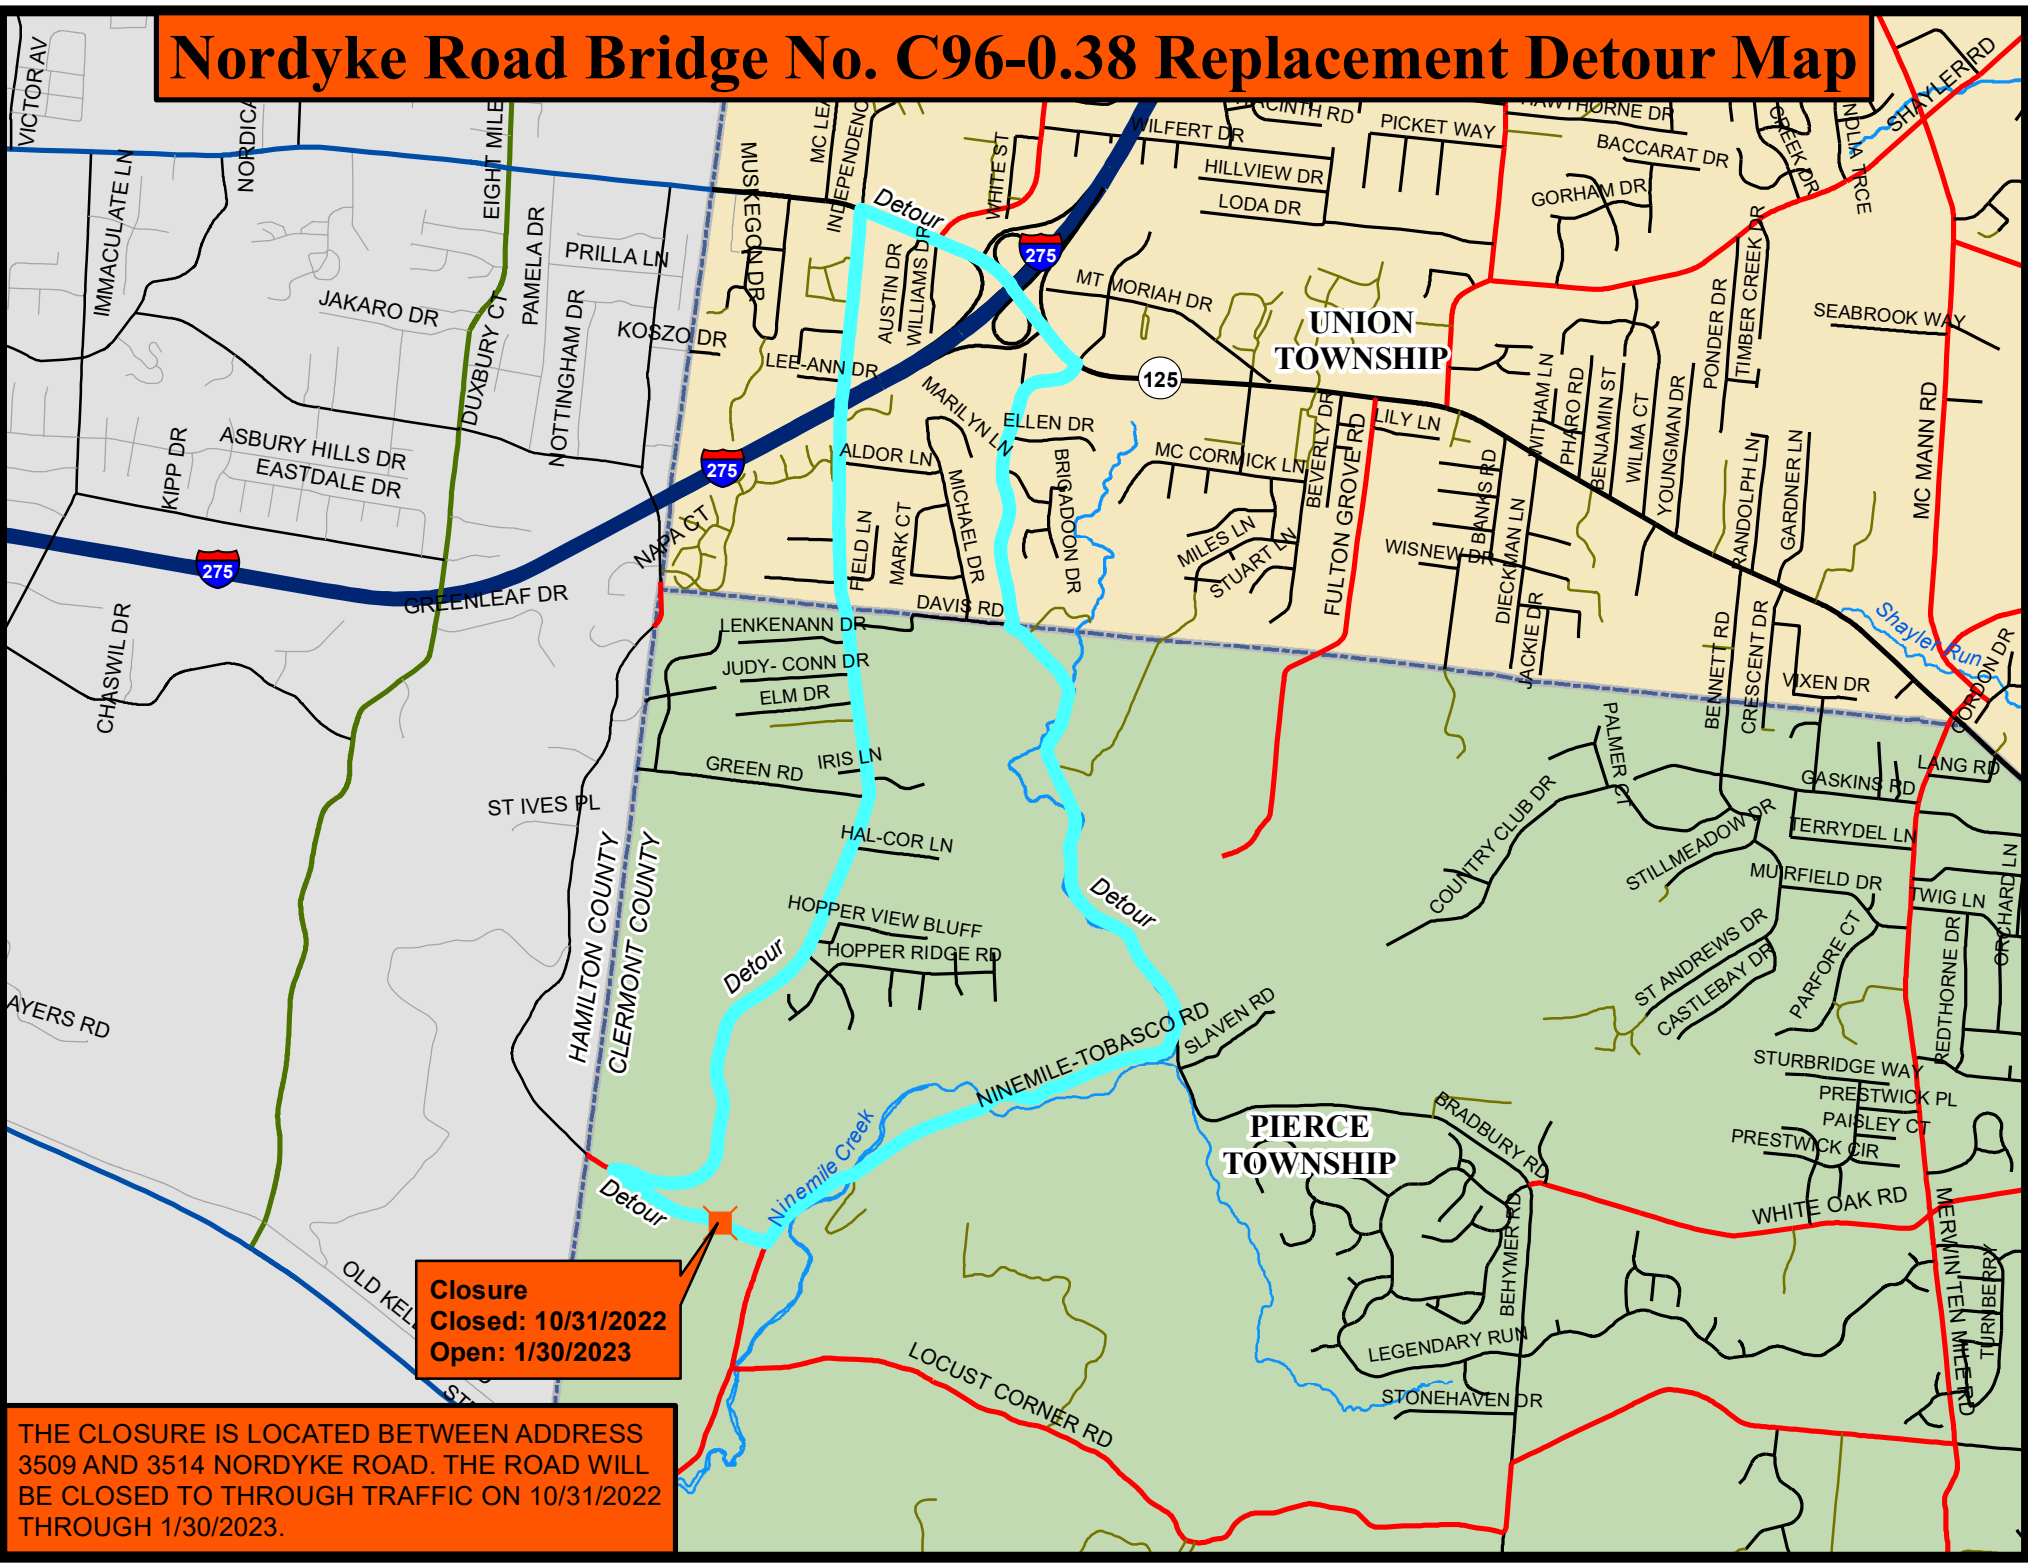

A handwritten signature in blue ink, appearing to read "Jeremy P. Evans".
